

# No Frameworks Were Found error - .NET

Error when executing dotnet cli in Linux:

```
No frameworks were found
```

To fix this, first remove the existing dotnet installation:

```
sudo apt remove 'dotnet*'
sudo apt remove 'aspnetcore*'
sudo apt remove 'netstandard'
```

Then, reinstall each SDK:

```
sudo apt install dotnet-sdk-6.0
sudo apt install dotnet-sdk-7.0
```
